Thanks for tuning in to Pat Magee's CANDYMAIL ... This very brief edition welcomes new subscribers who signed up via our Suppliers Exhibit at the PMCA's 64th Production Conference, April 26 - 28, in Hershey, PA ... Congrats to Michael Ferraro, retired, Godiva Chocolate Co., for winning CANDYMAIL's prize drawing! ... For some images from the conference, please visit our Web site at <http://www.patmagee.com/WhatWeDo/Samples.aspx>.

Coming Events ... NCA SWEETS & SNACKS EXPO, Chicago, kicks off next week, and RCI's Convention & Expo, Lexington, KY, next month ... See you there at both events to celebrate the positive delights of confectionery and chocolate ... For dates and details please visit <http://www.patmagee.com/IndustryEvents.aspx>.

See you in the next edition of CANDYMAIL ... Dear, dear readers, you may notice that this edition is short and sweet ... With consumer media data out there stating PCs and laptops will soon be a thing of the past, and palm-held devices able to receive every kind of news on the planet, CANDYMAIL will adapt. ... What do you think? Do you prefer a full front page news with photos, or only a reminder with a trip to the Web site? ... Which digital devices do you use daily (such as: PC, laptop, Kindle, I-units of a certain brand name)? ... Please don't forget to email us your comments and news and we'll see you here, respectfully of course.
